

# This is NOT a Parking Ticket

but it **WILL BE** if the Council get their way

Croydon Council want to extend the hours of parking control **HERE** to 8am-midnight seven days a week.

That means:

- no parking on single yellow lines for residents or visitors
- no free parking evenings and Sundays
- having to park *only* in pay & display bays for 16 hours a day
- a mad rush for parking bays before breakfast every morning
- not knowing if you'll find a space when you get home at night

Think how that might affect you, your family, your visitors.

What can you do?

**OBJECT! You have until Friday, 4th February 2011**
